

# Bee Gees - Living Together

Tom: Bb

Why ain't we livin', livin' together  
 instead of being so so far apart  
 Why ain't we livin', livin' together  
 instead of being so so far apart  
 Why ain't we livin' together, livin' together  
 instead of bein' alone  
 Why ain't we livin' together, livin' together  
 instead of bein' alone  
 I lay my heart on you  
 and you can show the way  
 I give my everlasting

love until my dying day  
 Take this lonely soul ,  
 the water or the wine  
 A chance to make you mine  
 I lay my body on the line  
 My life was emptiness  
 until you came along  
 I nearly fell apart , you took my heart  
 and made me strong I need all of you  
 to get me through the night  
 A chance to see the light  
 I lay my body on the line
