

# Bee Gees - Love You Inside Out

Tom: D

**Bm**  
Baby, I can't figure it out your kisses taste like honey

Sweet lies don't gimme no rise

Oh, oh what you're trying to do? **D7M**

Livin' on your cheatin' and the pain grows inside me **B**

It's enough to leave me crying in the rain **Em**

Love you forever but you're driving me insane **A**

and I'm hanging on Oh, oh **D7M B**

**Bm**  
Oh I'll win, I'll never give in, our love has got the power

Too many lovers in one lifetime **D7M**

ain't good for you **Am**

You treat me like a vision in the night **B**

Someone there to stand behind you **Em**

When your world ain't working right

I ain't no vision, I am the man **Bm Gbm** who

**Em Gbm Bm**  
Loves you inside out

**Em D7M**  
backwards and forwards with my heart hanging out

**Em Gbm Bm**  
I love no other way

**Em A**  
What am I gonna do if we lose that fire?

**Bm**  
Wrap myself up and take me home again

Too many heartaches in one **D7M**

lifetime ain't good for me **Am**

I figure it's the love that keeps you warm **B**

Let this moment be forever

we won't ever feel the storm **Em**

I ain't no vision, I am the man **Bm Gbm** who

**Em Gbm Bm**  
Loves you inside out

**Em**  
backwards and forwards with

**D7M**  
my heart hanging out

**Em Gbm Bm**  
I love no other way

**Em A**  
What am I gonna do if we lose that fire?

**Am**  
Don't try to tell me it's all over

I can't hear a word I can't hear a line

No man could love you more

And that's what I'm cryin' for

You can't change the way I feel inside **D**

**G Bm**  
You are the reason for my laughter and my sorrow

**Em A A7**  
Blow out the candle I will burn again tomorrow

**D7M**  
No man on earth can stand

**Am**  
between my love and I

**B**  
And no matter how you hurt me

**Em**  
I will love you till I die

I ain't no vision, I am the man **Bm Gbm** who

**Em Gbm Bm**  
Loves you inside out

**Em**  
backwards and forwards with

**D7M**  
my heart hanging out

**Em Gbm Bm**  
I love no other way

**Em A**  
What am I gonna do if we lose that fire?
