

# Bee Gees - Sinking Ships

tom:

Intro: E A E E

Sinking ships

Watching them sail and the sun as sinks in the sea

Crashing planes

Only the eyes of the doomed with a smile on their face

So I say to myself that it s re\_\_al?

So I look inside myself

Can I fe\_el?

Colored cups

Windows that slide up and down with a squeak in the side

Funny day

Banging the door to a close as it's hurting my knee

So I say to myself that it s re\_\_al?

So I look inside myself

Can I fe\_el?
