

Bee Gees - Sweetheart

Tom: D

Sweetheart : D

If your heart tells you so that you should leave me

Don't try to forget, you and I've never been meant

And before you fly, one kiss should tell me why

You've forgotten all the words that you once said

Long as I've got you there beside me

Long as you're there to stand and guide me

The love we share no one can ever tear apart

Long as I've got this life I'm living

Long as it's you the love I'm with then

I'll keep on calling you sweetheart

If my love for you can't make you happy

Just open the door and you won't see my anymore

And before you fly, one kiss should tell me why

You've forgotten all the words that you once said

When you said

Long as I've got you there beside me

Long as you're there to stand and guide me

The love we share no one can ever tear apart

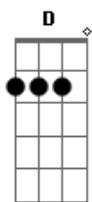

Long as I've got this life I'm living

Long as it's you the love I'm with then

I'll keep on calling you sweetheart

And I'll keep on calling you sweetheart
