

Bee Gees - Tomorrow Tomorrow

Tom: D

^A
Oooo...every day you make me cry, girl;
^{D A}
I cry too much.
And today you say goodbye, girl;
^{D A}
it's just too much.

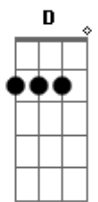

^D
Hey! I swallowed each and every lie that you gave to me.
^{G D E}
Where lies the man that I was, and the future that could never be?
^{A E}
Tomorrow...every one gonna know me better.
^{D A E}

And tomorrow...every one gonna drink my wine.
^{A E}
And...tomorrow...every one gonna read my letter,
^{D E A D}
and my story of love, and a love that could never be mine.

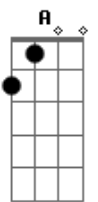

^A
Oooo...Ask you to be my wife, girl. You were playing...
^{D A}
Now I ask you where is my life, girl? You were saying...
^{D A}
Hey! I swallowed each and every lie that you gave to me.
^{G D E}
Where lies the man that I was, and the future that could never be?
