

# Bee Gees - Wish You Were Here

Tom: G

(com acordes na forma de Capotraste na 2ª casa ( F Am7 Bb C7 )

You're living your life  
 In somebody else's heart  
 My love is as strong  
 as oceans are far apart.

A summer song  
 keeps playing in my brain,  
 and I feel you  
 and I see your face again.  
 There's no escape,  
 I lost everything  
 in losing you.

Ah I wish you were here,  
 drying these tears I cry.

They were good times  
 and I wish you were here  
 and calling my name,  
 but you're dealing with a man insane, the cost,  
 how hopelessly I'm lost,  
 I tried to throw our love away  
 and I can't let go.

And so I awake  
 in somebody else's dream.

(It's not what it seems)  
 It's only a lie,

I've yet to decide who's real.

The blood red rose will never never die,  
 it'll burn like a flame  
 in the dark of the night.  
 I'm not afraid,  
 I'd give everything  
 if you hear me there.

Ahh I wish you were here,  
 drying these tears I cry.

They were good times,  
 it's that time of year  
 for being alone  
 but you're dealing with a heart of stone,  
 try to kiss and say goodbye,  
 try to throw our love away  
 and that storm will blow.

Ooooh Wish you were here.  
 Ooooh Wish you were here.

'Cause you're dealing with a heart of stone,  
 try to kiss and say goodbye,  
 try to throw our love away  
 and I can't let go.

They were good times  
 and I wish you were here,  
 yes, I wish you were here.

in somebody else's heart.
