

Bee Gees - Wish You Were Here

Tom: G

(com acordes na forma de Capotraste na 2ª casa (F Am7 Bb C7)

You're living your life
 In somebody else's heart
 My love is as strong
 as oceans are far apart.

A summer song
 keeps playing in my brain,
 and I feel you
 and I see your face again.
 There's no escape,
 I lost everything
 in losing you.

Ah I wish you were here,
 drying these tears I cry.

They were good times
 and I wish you were here
 and calling my name,
 but you're dealing with a man insane, the cost,
 how hopelessly I'm lost,
 I tried to throw our love away
 and I can't let go.

And so I awake
 in somebody else's dream.

(It's not what it seems)
 It's only a lie,

I've yet to decide who's real.

The blood red rose will never never die,
 it'll burn like a flame
 in the dark of the night.
 I'm not afraid,
 I'd give everything
 if you hear me there.

Ahh I wish you were here,
 drying these tears I cry.

They were good times,
 it's that time of year
 for being alone
 but you're dealing with a heart of stone,
 try to kiss and say goodbye,
 try to throw our love away
 and that storm will blow.

Ooooh Wish you were here.
 Ooooh Wish you were here.

'Cause you're dealing with a heart of stone,
 try to kiss and say goodbye,
 try to throw our love away
 and I can't let go.

They were good times
 and I wish you were here,
 yes, I wish you were here.

in somebody else's heart.
