

# Bee Gees - With my eyes closed

Tom: G

**Em** Say you never send me away.  
 Making me a memory and  
 telling me to find me a life  
**Bm7** change, there's no changing,  
**Em** **Bm7** what cannot be changed.  
 And you are witness to a silent conversation.  
**Em** Nothing but the black of night.  
 No-one ever takes your place.  
**Bm7** Gotta let the pantomime play.  
**Em** **Bm7** Not to worry, my tele pathy.  
**Em** I bring you into me, there's be no separation.

**Am** And I tell you  
 I will climb inside your world,  
 and at the dawn of history  
 I was born to find this girl.

**Bm7** **Em** And I can see you with my eyes closed.  
**Bm7** I can feel you when you're near me.  
**B7** Just the knowing that you  
**Am7** hear me, could be,  
**Em** you could measure my love.

**Bm7** **Em** I can touch you with my hands tied (words of love).  
**Bm7** It don't take no extra feeling (you won't believe).  
**B7** **Am7** Let your imagination, just run (take a hand).  
**Em** You can measure my love.

**C** And they tell you  
**D** they can stop those tears you cry. **Em**  
**C** **D** **C** And we can ride that storm together,  
**D** **Em** and all the love that lasts forever,  
**Bm7** and forever and forever.

**Em** Cling to the vine and the vine never breaks.  
 It's a message from a ship to shore.  
**Bm7** For the soul and the sacrifice,  
 pain.  
**Em** **Bm7** There's no fury like a woman scorned.  
**Em** We could be victims of a lethal combination.

**C** It's the hour.  
**D** **Em** It's the sword that hides the stone.  
**C** **D** **C** And one of us holds the power  
**D** **Em** there to forge our hearts together,  
**Bm7** here forever and forever.

**Bm7** **Em** And I can see you with my eyes closed.  
**Bm7** I can feel you when you're near me.  
**B7** Just the knowing that you  
**Am7** hear me, could be,  
**Em** you could measure my love.

**Bm7** **Em** I can touch you with my hands tied (words of love).  
**Bm7** It don't take no extra feeling (you won't believe).
