Tom: A
Intro: G,A,D,F#m.

1. Now I found that the world is round,
And of course it rains every day.
Living where in the world will I be
How far am I able to see?
Or am I needed here?
2. Now I found that the world is round,
and of course it rains every day.

If I remembered all of the things I have done,
I remember - all of the times I have gone wrong.
Why do they keep me here?

3. Now I found that the world is round,
and of course it rains every day.
Well, now I found that the world is round,
and of course it rains every day.
And now I found that the world is round,
and of course it rains every day.
