Tom: Gb

Capostrate na 2ª casa

E  
Time tried to stop one  
Cold cold night in June  
E  
Somehow I knew you  
Kept on dancing through  
E  
And you jumped on a flight in the darkest of blues  
A2  
took a trip to paradise  
Through the stars and back over moon  
B A2 B  
Oh, tell me it's true, oh  
E A2  
Please just tell me you're alright  
E A2  
Are you way up in the sky  
E A2  
Laughing, smiling, looking down  
Saying "one day we'll meet in the clouds"  
Up in the clouds  
E  
No one I knew stood  
Half as bright as you  
E  
But now you shine on  
The perfect avenue  
E  
And the light that you left it helps me to see  
A2

A way through all the bitterness  
A way to who I really want to be  
B Dbm B  
Oh, light up the streets, oh  
E A2  
Please just tell me you're alright  
E A2  
Are you way up in the sky  
E A2  
Laughing, smiling, looking down  
Saying "one day we'll meet in the clouds"  
Up in the clouds  
Up in the clouds  
A2 B  
Some nights I still hear your whispers  
A2 B  
And your memories they hang like a picture  
A2 B Dbm A2  
Oh oh, you'll always be just like a sister  
A2 B  
Some nights I still see your smile  
Your number I wish I could dial  
A2 B E Dbm A2 B  
Oh oh, but I can't wait to talk for a while, oh oh  
E A2  
Please just tell me you're alright  
E A2  
Are you way up in the sky  
E A2  
Laughing, smiling, looking down  
Dbm B A2  
I know one day we'll meet in the clouds  
Up in the clouds
