

Beícoli - The Whisper

tom:
Am

Intro: Am

I hear it calling
Deep down in my dreams
The wind is blowing
Something lost in me

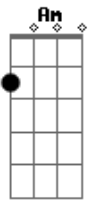

In the wind there is

(In the wind there is)
In the wind there is
(In the wind there is a whisper)

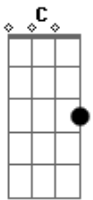

Calling me
Calling
There's nothing else to do
There's nowhere else to go
There's nothing else to live for anymore
There's nothing else to do
There's nowhere else to go
There's nothing else to live for anymore

(Am)

So now you know it
What has brought me here
The wind's been blowing
Waiting in the rear
In the wind there is
(In the wind there is)
In the wind there is
(In the wind there is a whisper)

Calling me

There's nothing else to do
There's nowhere else to go
There's nothing else to live for anymore
There's nothing else to do
