

Beirut - Un Dernier Verre (pour La Route)

Tom: A

Gb Bm E

Come sit at the table
Under October's able skies

Once we'd seen eye to eye
I'd known that I'd pass you by, and I tried

The bells chime
Seven times

Completed at nine
The world moves slower, I find

Bm

No, but I
Learned of time
By your hands

And in shallow waters' end
I learned not to swim, but to lie

I'll wait for now
'Til it's ready to burn out

I insist on doubts
We're already lying on the glass
The glass
