

Belchior - Lua Zen

tom:

E

No mar de malibu

Paira uma lua azul

A mesma praia blue

De honolulu

Há de haver aí

Mais de um havaí

Lua cheirando a luar

E a abacaxi

Numa savana africana

O luar-luz no capim

Lamento babuíno, o hino

Do pai primata em mim

Ó cerejeira do japão

A nuvem nô, gueixa e bonsai

Purpura pura a murmurar

Madame butterfly!

Sob a palmeira neon

Eu danço nu, como é bom

No litoral tropical

Além do bem e do mal

Pra santiago de cuba

Se vai de lua e bongô

Mil lantejoulas, new york

Lugar comum de metrô
