

Belle And Sebastian - Nothing In The Silence

Tom: A

Gbm
 Something set me thinking,
E **A**
 When i opened up my eyes
Bm **E**
 That there was nothing there to tell me
Bm **E**
 I'd been listening to lies.

Gbm **Bm**
 But in silence there is truth
E **A**
 There is beauty, there is love
Bm **E**
 There is nothing in the silence
Gbm
 To be frightened of.

Gbm
 Her retreat and so few words
E
 Is the last thing you'd expect.
Bm
 But there's danger in assuming
E
 That she's being direct.
Bm
 Take a look behind her eyes
E
 And you will see.
Bm
 That she knows nothing of silence
E **Gbm**
 Silence can only come from me.
 Instrumental 2x:

Gbm **Bm**
 Allow me then a little time
E **A**
 To listen to their voices.
Bm **E**
 It's the glamour and confusion,
Bm **E**
 It's the rattling and the noises.

Gbm **Bm**
 That obscure the truth, the beauty
E
 And the love.
Bm **E**
 And their clarity that silence
Gbm
 Is the guardian of.

Gbm
 She talks of clarity and silence
E
 Of beauty and of truth.
Bm
 But search her heart for evidence
E
 Search herself for proof.

Bm
 Take a look behind her eyes
E
 And you will see.
Bm
 That she knows nothing of silence
E **Gbm**
 Silence can only come from me.
