 Intro: F E Am E

F E
 All the way back home
 Am E
 I'm telling you I caught the sun
 F G
 Creeping up behind my shoulder
 C E
 And another day's begun
 F E
 I was following a trail
 Am E
 I'd never been along before
 F G C
 Chasing darkened skies above me
 E F
 Looking like the spring
 E
 Like the winter
 Am E F E Am
 And the morning
 F E
 If there's a place I want to go
 Am E
 Then I'll be there with you
 F
 'Cos in my dreams the things
 G
 I'm wishing for
 C E F E
 Keep coming true
 F E
 Now a new day comes
 Am E
 Clears the darkness out of sight
 F G

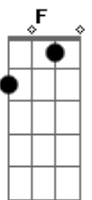

And the shadows that were sleeping
 C E
 Come and dance beneath the light
 F E
 And I'm trying hard to hide
 Am E
 Keeping the sun out of my eyes
 F
 Close them tight
 G C E Am
 And now I'm waiting for the moon to rise
 (F E Am E)
 (F G F E F E)
 (F E Am E F E)

F E
 Don't try to say to me
 Am E
 That this was never meant to be
 F G
 'Cos the days are long where I come from
 C E
 The next few days I'm free
 F E
 There's a train I want to catch
 Am E
 But it won't leave here for a while
 F G
 Till darkness fills the eastern sky
 C E
 And streetlights stretch for miles
 F
 Through the spring
 E
 And the winter
 Am E F
 and the morning
