

# Belle Mt - Hollow

Tom: E

m [Intro] Em G D Em

She told she was hollow  
 That's far from what I see  
 She's more than just a daughter of a broken man to me  
 She told me she was shallow  
 Her rivers run so deep  
 If I could only be the boat that leads her to the sea

[Refrão]

But lonely is her favorite place to be  
 When she feels the hurt she let's it bleed  
 Sometimes she's lost  
 Sometimes she's broken  
 Sometimes she's closed  
 Sometimes she's open  
 But lonely is her favorite place to be

She told me she was falling  
 I offered her my hand  
 But she only finds her comfort in not knowing just how hard she's gonna land  
 I told her she was special  
 She almost let me in  
 But she couldn't bear the thought of digging up the heart that she'd been burying

[Refrão]

Lonely is her favorite place to be  
 When she feels the hurt she let's it bleed  
 Sometimes she's lost  
 Sometimes she's broken  
 Sometimes she's closed  
 Sometimes she's open  
 Lonely is her favorite place to be

C Em G Bm  
 Ooooh

[Ponte]

Lonely is her favorite  
 If only I can change it  
 If I could only save her  
 Lonely is her favorite  
 If only I can change it  
 If I could only save her

Sometimes she's lost  
 Sometimes she's broken  
 Sometimes she's closed  
 Sometimes she's open  
 Sometimes she's stonecold  
 At times she's on fire  
 Mostly she's everything I desire  
 Lonely is her favorite place to be  
 Lonely is her favorite place to be  
 She told me she was hollow
