Ben Harper - Burn to Shine

Tom: A

Intro: G ...then: E G D Bis

Couplet: E G D
----
the E is alternated with E?:042100 ,
you know like in the old blues songs...
Same thing for the D in the chorus an D?:xx0432
E (E?)   G   D D D
We made love until we cried and cried ourselves to laughter
E (E?)   G   D D
Laughed until we realise our hearts were struck with fear
E (E?)   G   D D D
How in just a moments time could one see for ever after
  E (E?)   G   D D D
I gently lie beside of you and dream away with my tears
Refrain:

A A A A   E E E E   (E:022110)
Won't you let me treat you kind
D (D?)
We're gonna burn to shine
A A A A   E E E E
Won't you let me   treat you kind
D (D?)   A   C A C A C A C A G
We're gonna burn to shine
Couplet:
Funny things you learn from your mama, like the way you throw
your head back when
swallowing pills
Funny things you learn from your papa, like when you're
talking you just can't keep
your hands still

But that was now and this is then
It never lasts for long
How I miss the good old days; but I'm so glad they're gone
Refrain:
Won't you let me treat you kind
We're gonna burn to shine
Won't you let me treat you kind
We're gonna burn to shine
(Bridge: jouer le couplet et le refrain)
Couplet:
I'd like to spend the time that you would like to spend with
me
So you could help me out with my dependancy
'Cause I'm hoplessly addicted addicted to your sorrow
Makes me never wanna work, beg or borrow
Refrain:
Won't you let me treat you kind
We're gonna burn to shine
Won't you let me treat you kind
We're gonna burn to shine

GUITAR SOLO:

b = full bend
hb= half bend
rb= release bend
