

Ben Harper - Happy Everafter In Your Eyes

Tom: C Am G F C

Tabbed by: 675G

Alright, so this song is really just three different patterns that Ben adds a few to now and then, so I'm just going to tab out the flourishes and extra and/or different notes. And it's originally on piano, so use effects if you want but it sounds great on an or really clean electric.

In 3/4 time, so just keep that in mind.

Intro: C

Verse: C G A or... x3

Chorus Am G F C

Bridge G F C x 3

Final verse:
C G A C G A C
C G A C

then play the chorus once more, and you are done!
