

Ben Harper - Lifeline

Tom: C

(com acordes na forma de Capotraste na 8ª casa Intro: E)

Life is much too short to sit and wonder
 Who's gonna make the next move
 and will slowly pull you under
 when you've always got something, prove?

I don't want to wait a lifetime
 Yours or mine, yours or mine

Can't you see me reaching for the lifeline?
 Your lifeline, your lifeline
 Your lifeline, the lifeline

You say that I misheard you
 but I think you misspoke
 I hear you laugh so loudly

while I patiently await the joke

I don't want to wait a lifetime
 Not Yours, not mine
 Can't you see me reaching for the lifeline?
 The lifeline, the lifeline
 Your lifeline, your life

It's a crime with only victims
 We're all laid out in a row
 It's hardest to listen
 to what we already should know

I could hold out for a lifetime
 Yours or mine, yours or mine
 Can't you see me reaching for your lifeline?
 your lifeline, your lifeline
 the lifeline, the lifeline
 your lifeline, your life, your life
