 Bm A E riff 1
 Could've sworn I heard you say amen, amen this morning,

 showing some kind of sign that you believe
 Bm A E riff 1
 Did it fall from your tongue without warning
 Bm A E riff 2
 or just another trick to fall from your sleeve
 Bm A E riff 1
 Did I hear you say that you believe in angels?
 Bm A E riff 2
 I guess I bring the devil out in you
 Bm A E riff 1
 But we can both remove our halos
 Bm A E riff 2
 'cause even an angel needs love too
 Bm A E riff 1
 even an angel needs love too

Some things never change; Some things never stay the same
 But you're so innocent, I'll take all the blame

 The woman in you is the worry, the worry in me
 The woman in you is the worry, the worry in me

 The woman in you, in you, is the worry in me
