

# Ben Harper - When She Believes

Tom: D  
Intro: D A Bm G D A

Well The good lord is such a good lord  
With such a good mother too  
They have blessed me  
They have blessed me  
In the good graces of you  
I have heard a hundred violins crying  
And I have seen a hundred white Doves flying  
  
But nothing is as beautiful  
As when she believes  
when she believes  
when she believes  
when she believes  
when she believes in me

How good it must feel  
To be so young and free  
And a song that pleases a queen  
Will always please me  
I have heard the wisest of wisdom  
And I have dined in palaces and kingdoms

Refrain

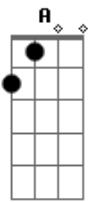

Now all of life  
Is just passing the time  
Until once again  
Your eyes look into mine  
I have been adored by a stranger  
And I have heard the whispering angel

Refrain
