

Ben Harper - When She Believes

Tom: D
Intro: D A Bm G D A

Well The good lord is such a good lord
 With such a good mother too
 They have blessed me
 They have blessed me
 In the good graces of you
 I have heard a hundred violins crying
 And I have seen a hundred white Doves flying
 But nothing is as beautiful
 As when she believes
 when she believes
 when she believes
 when she believes
 when she believes in me

How good it must feel
 To be so young and free
 And a song that pleases a queen
 Will always please me
 I have heard the wisest of wisdom
 And I have dined in palaces and kingdoms

Refrain

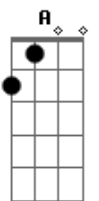

Now all of life
 Is just passing the time
 Until once again
 Your eyes look into mine
 I have been adored by a stranger
 And I have heard the whispering angel

Refrain
