

Ben Rector - Beautiful

Tom: D

Introdução: D A Bm G

D
There are days when I wake up
A Bm
I don't know what I'm doing here
D A
I barely recognize the pair of eyes
Bm G
Staring back at me in the mirror
D
There was a day when I was free
A
Not a care that I could see
Bm G
So good I barely could believe that it was happening
Em G
Oh, take me back again
D A
When I was 16 with an open heart
Bm G
Windows down in a beat-up car
D A
When I was dumb and the world was young
Bm G
And she was beautiful
D A Bm G
She was beautiful, she was beautiful
D A
How did we end up like this
Bm G
Living lives that we don't care about
D A
Too busy fixing things on computer screens
Bm G
While the grass grows green, me I'm screaming out
D
There was a day when I was free
A
Not a care that I could see
Bm G
So good I barely could believe that it was happening

Em G
Oh, take me back again
D A
I was 16 with an open heart
Bm G
Windows down in a beat-up car
D A
When I was dumb and the world was young
Bm G
And she was beautiful
D A Bm G
She was beautiful, she was beautiful
D A Bm G
She was beautiful, she was beautiful, yeah yeah yeah
D
There was a day when I was free
A
Not a care that I could see
Bm G
So good I barely could believe that it was happening
Em G
Oh, take me back again
D A
I was 16 with an open heart
Bm G
Windows down in a beat-up car
D A
When I was dumb and the world was young
Bm G
The world was young
D A Bm G
She was beautiful, she was beautiful
D A Bm G
It was you, it was you, and you were beautiful
I was 16 with an open heart
Windows down in a beat-up car
When I was dumb and the world was young
And she was beautiful
