

# Benee - Want Me Back

tom:

<sup>A</sup>  
[Primeira Parte]

<sup>D</sup>  
Tell me what you want from me, boy

Why you gotta act so needy?

Maybe you were what I'm missing

Maybe I crave your affection

Everything you say cuts me, boy

Why don't you just let me heal ya?

Why do I feel like I'm searching?

Without you, boy, I feel nothing

[Pré-Refrão]

<sup>D</sup>  
Tear me down, you hurt me

Change your mind, want me again

Playin' with my heart and I turn blind

Blind again

[Chorus]

Tell me that I all that you need, babe

Tell me that I'm all that you need, babe

Longing for my company, hey

Longing for my company, hey

You're pushing me 'round

Look at what I'm left with now, boy

Tell me that I'm all that you need, babe

Tell me that I'm all that you need, babe

Longing for my company, hey

Longing for my company, hey

You're pushing me around

Look at what I'm left with now, boy

[Segunda Parte]

I can see you kind of need me

You've been having trouble sleepin'

Maybe we are meant to be here

Maybe I want us to happen

Sometimes I wish you would leave and

We would never speak again, but

Then there's something 'bout you, boy, yeah

Can't hold myself back from ya  
[Pré-Refrão]

<sup>D</sup>  
Tear me down, you hurt me

Change your mind, want me again

Playin' with my heart and

I turn blind

Blind again

[Refrão]

Tell me that I'm all that you need, babe

Tell me that I'm all that you need, babe

Longing for my company, hey

Longing for my company, hey

You're pushing me 'round

Look at what I'm left with now, boy

Left with now

Tell me that I'm all that you need, babe

Tell me that I'm all that you need, babe

Longing for my company, hey

Longing for my company, hey

You're pushing me 'round

Look at what I'm left with now, boy

[Ponte]

Too late to apologise

Movin' on now, with other guys

Deleted all your messages

You're nothing but lies in my head

Should've never hurt me, boy

Wasted your shot

Now I have moved on

[Refrão]

Tell me that I'm all that you need, babe

Tell me that I'm all that you need

Longing for my company, hey

Longing for my company, hey

You're pushing me 'round

Pushin' me around

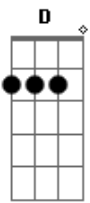

Look at what I'm left with now, boy

Left with now
