[Ponte]

**Em7**  
 It was You inside the desert  
**G7M**  
 When I had nothing to eat  
**D**  
 And it was You back in the fire  
**A**  
 Saying "child you're safe with me?"  
**Em7**  
 It was You who tamed the lions  
**G7M**  
 Till they drifted off to sleep  
**D**  
 And It was You that held the waters  
**A**  
 So I barely wet my feet  
**Em7**  
 It's Your heart that draws me closer  
**G7M**  
 It's Your hand that's guiding me  
**D**  
 And it's Your shoulder that I cry on  
**A**  
 How those shoulders carried me  
**Em7**  
 It's Your ways that I'm still learning  
**G7M**  
 It's Your grace that I still need  
**D**  
 And it's Your word I build my life on  
**A**  
 It's the lamp unto my feet  
**Em7**  
 It's Your stripes that bought my healing  
**G7M**  
 It's Your death by which I'll rise  
**D**  
 And if Your grave don't have a body  
**A**  
 That means death ain't keeping mine  
**Em7**  
 It's Your song I'll sing forever  
**G7M**  
 Unencumbered there by time  
**D**  
 Let angels ask me in a thousand years  
**A**  
 Who my heart desires  
**G7M** **D**  
 After everything  
**A**  
 You're still my everything  
**G7M** **D**  
 After everything  
**A**  
 It's still You for me
