

# Benne - Soaked

tom:

Intro: A Am Dm C C7M Bb7M  
Oooh, oooh

[Primeira Parte]

My tongue is sealed within my mouth  
These certain words they can't come out  
These thoughts are walking on their own  
Dancing around with no control

[Pré-Refrão]

I know what I did to you was wrong  
Hence why I've kept it for this long  
Secrets have been brewing up a storm  
Did not expect it to transform

[Refrão]

Soaked up in my brain  
For another day

These things I'm tryna say get drenched and swept away that's the truth  
Soaked up in my brain  
Don't know what to say  
Something about you boy you soak up half my brain, yes you do  
Ooh, ooh, something about you boy you soak up half my brain

[Segunda Parte]

You look at me like I hit you, ooh  
Stole all your things then left you bruised, ooh  
Look what I've got myself into, ooh  
My words are stuck, my body too, ooh

[Pré-Refrão]

I know what I did to you was wrong  
Hence why I've kept it for this long

Secrets have been brewing up a storm  
Did not expect it to transform

[Refrão]

Soaked up in my brain  
For another day

These things I'm tryna say get drenched and swept away that's the truth

Soaked up in my brain

Don't know what to say

Something about you boy you soak up half my brain, yes you do

Ooh, ooh, something about you boy you soak up half my brain, yes you do

Ooh, ooh, something about you boy you soak up half my brain, yes you do

[Ponte]

I know what I did to you was wrong, know what I did to you was wrong

Hence why I've kept it for this long, so long, so long

Secrets have been brewing up a storm, a storm  
Did not expect it to transform, transform

[Refrão]

Soaked up in my brain  
For another day

These things I'm tryna say get drenched and swept away that's the truth

Soaked up in my brain

Don't know what to say

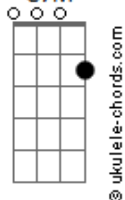

Something about you boy you soak up half my brain, yes you do

Ooh, ooh, something about you boy you soak up half my brain, yes you do

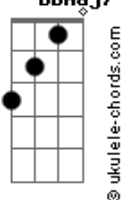

Ooh, ooh, something about you boy you soak up half my brain, yes you do
