

# Beth McCarthy - Left Behind

tom:

**Bb**

Young hearts are the hardest ones to mend  
**Gm** Too naive to know that love can end  
**Bb** I know what I wish I'd known back then  
**Gm** To save myself before I let you in

**Eb** I'll be back you said  
**F** **Gm**  
**Bb** But I'm still waiting  
**F**  
**Eb** I'm still waiting  
**Bb** Tell me how the story started  
**Eb** Change the way it ends  
**Gm** Make it so I learn to love again  
**Bb** Tell me that old memories are better laid to rest  
**Gm** And maybe losing you was for the best  
**Eb** But I wonder does she ever cross your mind  
**Eb** Do you remember the girl you left behind?

**Bb** **Eb**  
 In the end not a single word was said  
**Gm** **F**  
 No last goodbye I'm glad you saved your breath  
**Bb** **Eb**  
 Maybe I was too easily led  
**Gm** **F**  
 Into the storm I never saw ahead

**Eb** **F** **Gm**  
 I'll be back you said  
**Cm**  
 But I'm still waiting  
**F**  
 I'm still waiting  
**Bb**  
 Tell me how the story started  
**Eb**  
 Change the way it ends  
**Gm** **F**  
 Make it so I learn to love again  
**Bb** **Eb**  
 Tell me that old memories are better laid to rest  
**Gm** **F**  
 And maybe losing you was for the best  
**Eb** **F** **Gm**  
 But I wonder does she ever cross your mind  
**Eb** **F** **Bb**  
 Do you remember the girl you left behind?  
**Eb** **F** **Gm**  
 But I wonder does she ever cross your mind  
**Eb** **F** **Bb**  
 Do you remember the girl you left behind?
