

Beth Porch - You Taught Me What Love Is

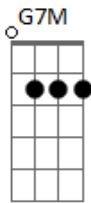

tom:
 You never know how much I love you
 And though you had to go
 But I'm always thinking about you
 If I could take your place
 I do it a thousand times
 Now there's a u-shaped hole in my life
 And no
 I won't be the same
 You taught me to be brave
 And although it wasn't for long
 You told me what love is
 No I won't be the same
 You taught me to be brave

And although it wasn't for long
 You taught me what love is
 (G C)
 For just less than a year
 I never slept at all
 And I'll never sleep again
 If I could see you once more
 You were too good for this world this life
 You were hand-picked for paradise
 And no
 I won't be the same
 You taught me to be brave
 And although it wasn't for long
 You never know how much I love you
