

# Beto Pitombo - Hino de Feira de Santana

Tom: C

1- Bem nascida entre verdes colinas sob o encanto de um céu azulado

2- Sorridente como uma criança descuidosa da sua beleza Do futuro és a linda esperança terra moça de sã natureza

3- Poetisa do branco luar pelas noites vazias de agosto Fiandeira que vive a fiar a toalha de luz de sol posto

4- De Santana és a filha querida noite e dia por ela velada E o teu povo tão cheio de vida só trabalha por ver-te elevada
