I've been watching for the signs

Took a trip to clear my mind

Now I'm even more lost

And you're still so fine, oh my oh my

Been having conversations about breakups and separations

I'm not feeling like myself since the baby

Are we gonna even make it? oh

F

Cause if we are, we're taking this a little too far

Bb7

If we are, we're taking this a little too far

D7M/9

Baby, if we are, we're taking this a little too far

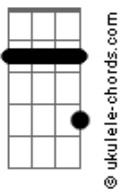

Dm

Me being wherever I'm at, worried about wherever you are

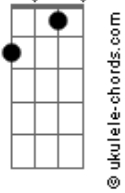

We're taking this a little too far (x3)
