Beyoncé - Rather Die Young

```
Boy you'll be the death of me
You're my James Dean
You make me feel like I'm seventeen
      B7m
                            G7m
You drive too fast, you smoke too much
      Gm
But that don't mean a thing
'cause I'm addicted to the rush
'Cause I rather die young
E7m Ebm Dbm

Than live my life

Dbm Ebm Em Gbm

I rather not live at all
                                B7m
                               without you
                  Gbm
       G
Than live my life without you
You know i've been in love before
You're the first one ever seen
That burns like gasoline
                        G7m
So light a match, turn off the lights
I'm holding on to you
```

```
'Cause this might be a last night, oh
            F7m
'Cause I rather die young
        E7m Ebm Dbm
Than live my life

Dbm Ebm Em Gbm

I rather not live at all

G Gbm
                                 without you
Than live my life without you
What I'm telling you
                        Ebm
              Abm
I'm giving you my life, it's in your hands
And what I'm gonna do
Is be a woman and you can be a man
         Gbm
And I wanna say
                   Ebm
      Abm
Nobody understands what we've been through
                   Abm Em
I rather give up
                    everything
            Abm
                                                 E7m
Than to live my, live my life without you
            E7m
'Cause I rather die young
E7m Ebm Dbm
Than live my life
Dbm Ebm Em Gbm
I rather not live at all
                                without you
                  Gbm
