

# Beyoncé - Resentment

Tom: F

Intro: F D7 Gm Dm Gm  
Bb Bb Bb F

I wish I could believe you then I'd be alright  
But now everything you told me really don't apply  
To the way I feel inside  
Loving you was easy once upon a time  
But now my suspicions of you have multiplied  
And it's all because you lied

[Refrão]

I only give you a hard time  
'Cause I can't go on and pretend like  
I haven't tried to forgive this  
But I'm much too full of resentment

Just can't seem to get over  
The way you hurt me  
Don't know how you gave another  
Who didn't mean a thing, no  
The very thing you gave to me

I thought I could forgive you  
And I know you've changed  
As much as I wanna trust you  
I know it ain't the same  
And it's all because you lied

[Refrão]

I only give you a hard time  
'Cause I can't go on and pretend like  
I haven't tried to forgive this  
But I'm much too full of resentment

I may never understand why  
I'm doing the best that I can and I  
I tried, and I tried to forgive this  
But I'm much too full of resentment

I'll always remember feeling

Like I was no good  
Like I couldn't do it for you  
Like your mistress could  
And it's all because you lied  
Loved you more than ever  
More than my own life  
The best part of me I gave you  
It was sacrificed  
And it's all because you lied

[Refrão]

I only give you a hard time  
'Cause I can't go on and pretend like  
I tried, and I tried to forgive this  
But I'm too damn full of resentment

I know she was attractive  
But I was here first  
Been riding with you for six years  
Why did I deserve  
To be treated this way by you?  
I know you're probably thinking  
"What's up with Bey?"

I've been crying for too long  
What did you do to me?  
I used to be so strong  
But now you took my soul

I'm crying  
Can't stop crying  
Can't stop crying  
You could have told me  
You wasn't happy  
I know you didn't wanna hurt me  
But look at what you been done to me now  
I gotta look at her in her eyes  
And see she has had half of me  
How could you lie?
