 Mama, I understand your many sleepless nights  
 When you're seat and you think about father  
 Or how you tried to be the perfect wife  
 You used to dress and fix your hair  
 Then you smiled through your tears  
 In the mirror you would stare  
 And say a prayer, like:  
 I wish he said "I'm beautiful"  
 I wish it didn't hurt at all  
 I don't know how I got here  
 I was once the one who had his heart  
 Until you had enough then you took that ring off  
 You took that ring off  
 So tired of the lies and trying, fighting, crying  
 Took that ring off  
 Oh, now the fun begins  
 Dust yourself off and you love again  
 You found a new man now you shine and you're fine  
 Like it's my time, you took that ring off  
 Mama (so sexy), you live and learn, that's just the way life goes  
 (you're a killer, you're a killer)  
 Always know that you've got a daughter  
 That's so so proud you took the high road  
 You're so sexy  
 You used to dress and fix your hair  
 Then you smiled through your tears  
 In the mirror you would stare  
 And say a prayer, like:

 I wish he said "I'm beautiful"  
 I wish it didn't hurt at all  
 I don't know how I got here  
 I was once the one who had his heart  
 Until you had enough then you took that ring off  
 You took that ring off  
 So tired of the lies and trying, fighting, crying  
 Took that ring off  
 Oh, now the fun begins  
 Dust yourself off and you love again  
 You found a new man now you shine and you're fine  
 Like it's my time, you took that ring off

 After all your tears  
 After all that pain's all clear  
 Mama, after all them years  
 We can start all over again  
 Mama, and now it all makes sense  
 Letting go is never the end  
 Mama, we can love again  
 This is where freedom begins  
 C  
 Mama, so put your love on top  
 You gon' shine and put your love on top  
 It's your time to put your love on top  
 Everybody put your love on top  
 Aye, love on top  
 Aye, love on top  
 It's your time to put your love on top  
 Girl you so fine, put your love on top  
 C G Am F  
 "If you're going through it just know it's called 'Going through it'  
 You're not gonna get stuck there, you're not gonna die  
 You're gonna survive"
