Intro: Ebm Db Gb B

I'm in this fight, and I'm swinging  
 And my arms are getting tired  
 I'm trying to beat this emptiness but I'm running out of time  
 I'm sinking in the sand, And I can't barely stand  
 I'm lost in this dream, I need you to hold me  
 I'm scared of lonely  
 I try to be patient, but I'm hurting deep inside  
 And I can't keep waiting, I need comfort late at night  
 And I can't find my way, won't you lead me home  
 Cause I'm lost in this dream, I need you to hold me  
 I'm scared of lonely  
 And I'm scared of be the only  
 Shadow I see along a wall  
 And I'm scared of only heart beat  
 I hear a beating is my own  
 And I'm scared of been alone  
 I can't see the breath when I am lost  
 In this dream, I need you to hold me  
 I'm scared of lonely  
 I'm scared of lonely  
 I cry at night, 'cause my baby's too far to be by my side  
 To wipe away these tears of mine, so I hold my pillow tight

To imagine you, I'll stretch your hand looking for mine  
 I'm lost in this dream, I need you to hold me  
 I'm scared of lonely  
 And I'm scared of be the only  
 Shadow I see along a wall  
 And I'm scared of only heart beat  
 I hear a beating is my own  
 And I'm scared of been alone  
 I can't see the breath when I am lost  
 In this dream, I need you to hold me  
 I need your strenght when nobody is around  
 Cause I'm tired of this emptiness  
 I think I'm drowning  
 I... can't... be... lonely  
 I'm lost in this dream, I need you to hold me  
 I'm scared of lonely  
 And I'm scared of be the only  
 Shadow I see along a wall  
 And I'm scared of only heart beat  
 I hear a beating is my own  
 And I'm scared of been alone  
 I can't see the breath when I am lost  
 In this dream, I need you to hold me  
 I'm scared of lonely  
 And I'm scared of be the only  
 Shadow I see along a wall  
 And I'm scared of only heart beat  
 I hear a beating is my own  
 And I'm scared of been alone  
 I can't see the breath when I am lost  
 In this dream, I need you to hold me  
 I'm scared of lonely  
 I'm scared of lonely
