

Bia Marques - I Miss Your Touch

tom:

Intro: Dm7 G7 C7M Am7 A7

I miss your touch

I miss your smile

But I know we need to be apart for a while

Oh baby, I

Feel like we are

Meant to be

Can?t you see?

I wake up in the morning

My bed is so cold

Without you by my side

Without your hug

And I?m trying to do something nice

Just to make you smile

So I took my guitar for a while

And I put love in this song

Oh, darling

I hope you like it

I hope to see you soon

I miss your touch

I miss your smile

But I know we need to be apart for a while

Oh baby, I

Feel like we are

Meant to be

Can?t you see?

Meant to be

Can?t you see?

I wake up in the morning

My bed is so cold

Without you by my side

Without your hug

And I?m trying to do something nice

Just to make you smile

So I took my guitar for a while

And I put love in this song

Oh, darling

I hope you like it

I hope to see you soon

I miss your touch

I miss your smile

But I know we need to be apart for a while

Oh baby, I

Feel like we are

meant to be

Can?t you see?

I miss your touch

I miss your smile

But I know we need to be apart for a while

Oh baby, I

Feel like we are

Meant to be

Can?t you see?
