

Big Time Rush - Featuring You

Tom: A

^C
My heart had a bunch of beats

^D
But none of 'em seemed to work for me

^C
I can't find the one to see

^D
Another thing seemed so out of key

^C
I was looking for a melody

^D ^A
Walked right in and took the lead

^C
I didn't know what to say

^D ^A
'Cause everything sounded so differently

^C
Now my heart goes BOOM BOOM BOOM

^D ^A
It's like a million notes a minute and I don't know how you did it

^C
Yeah my heart goes BOOM BOOM BOOM

^D ^A
So let's put our song on replay

^C ^D ^A
You and me together make a number one record

^C ^D ^A ^C
And the only song that I wanna do is featuring you

I can read the lyrics

^D ^A
It's like "I already hear it"

^C ^D ^A ^C ^D
Girl you know the only song that I wanna do is featuring youuuuuu youuuuuu

^C
Now you're stuck inside my head

^D ^A
Like a hit on the radio I can't forget

^C
Now my life's got a new soundtrack

^D ^A
When I sing it for you, you sing right back

^C
No solo, a duet

^D ^A
And I'm never going back to the way it was

^C
And I know that we just met

^D ^A
But it all sounds better with the two of us

^C
Now my heart goes BOOM BOOM BOOM

^D ^A
It's like a million notes a minute and I don't know how you did it

^C
Yeah my heart goes BOOM BOOM BOOM

^D ^A
So let's put our song on replay

^C ^D ^A
You and me together make a number one record

^C ^D ^A ^C
And the only song that I wanna do is featuring you

I can read the lyrics

^D ^A
It's like "I already hear it"

^C ^D ^A ^C ^D
Girl you know the only song that I wanna do is featuring youuuuuu youuuuuu

^C
Hey baby you're my number one feature

^D ^A
Have to write a song about ya every time I see ya

^C
I can be the melody, you can be the lyrics

^D ^A
Make 'em wanna throw their hands up every time they hear it

Cuz...

^C ^D ^A
You and me together make a number one record

^C ^D ^A ^C
And the only song that I wanna do is featuring you

I can read the lyrics

^D ^A
It's like "I already hear it"

^C ^D ^A ^C ^D
Girl you know the only song that I wanna do is featuring youuuuuu youuuuuu

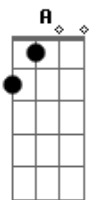

^C ^D ^A
youuuuuuuu youuuuuuuu

Featuring you...
