

# Big Time Rush - Like Nobodys Around

Tom: C

Want you to cry cause you're laughing so hard tonight  
 Playing air guitar alright  
 We're being who we are, even if they hate that

Want you to shout at the top of your lungs about  
 All our favorite songs so loud  
 We'll be singing along even if they hate that

Turn up the radio  
 So what if we lose control  
 Get a little bit of rock 'n roll

So throw your hands in the air  
 C'mon and make this count  
 It's only you and me, never mind this crowd  
 Do the way you do it  
 Do it like nobody's around

Woah  
 So put your hands in the air  
 C'mon and waste no time  
 It doesn't really matter if it's wrong or right  
 Do the way the do it  
 Do it like nobody's around  
 We can do it like nobody's around

Don't hesitate, be as dumb as you like, you may  
 miss the time of our lives so stay  
 your dancing under the lights, even if they hate that

Turn up the radio  
 So what if we lose control  
 Get a little bit of rock 'n roll

So throw your hands in the air  
 C'mon and make this count  
 It's only you and me, never mind this crowd  
 Do the way you do it  
 Do it like nobody's around

Woah

So put your hands in the air  
 C'mon and waste no time  
 It doesn't really matter if it's wrong or right  
 Do the way the do it  
 Do it like nobody's around  
 We can do it like nobody's around

Someday when you're alone and feeling whatever  
 You gotta remember the times  
 When we were dancing alone and holding fake microphones  
 I hope this memory will make you feel alright

Turn up the radio  
 So what if we lose control  
 Get a little bit of rock 'n roll  
 'n roll, oh, oh, oh

So throw your hands in the air  
 C'mon and make this count  
 It's only you and me, never mind this crowd  
 Do the way you do it  
 Do it like nobody's around

Woah  
 So put your hands in the air  
 C'mon and waste no time  
 It doesn't really matter if it's wrong or right  
 Do the way the do it  
 Do it like nobody's around  
 We can do it like nobody's around

Whoa oh oh oh  
 We can do it like nobody's around

Whoa oh oh oh  
 We can do it like nobody's around

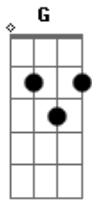

Yeah yeah yeah  
 Whoa oh oh oh  
 Yeah yeah yeah  
 We can do it like nobody's around

Whoa oh oh oh  
 We can do it like nobody's around
