

# Bill Withers - Ain't No Sunshine

Tom: **D**

Ain't no sunshine when she's gone

Its not warm when she's away

Ain't no sunshine when she's gone & shes always gone too long

Everytime she goes away

Wonder this time where she's gone

Wonder if she's gone to stay

Ain't no sunshine when she's gone  
And this house just ain't no home any time she goes away

And I know... (percussion)  
Hey I ought to leave the young thing alone  
But ain't no sunshine when she's gone

Ain't no sunshine when she's gone  
Only Darkness every day  
Ain't no sunshine when she's gone  
And this house just ain't no home any time she goes away  
any time she goes away

any time she goes away...
