

Bill Withers - Ain't No Sunshine

Tom: **D**

Ain't no sunshine when she's gone

Its not warm when she's away

Ain't no sunshine when she's gone & shes always gone too long

Everytime she goes away

Wonder this time where she's gone

Wonder if she's gone to stay

Ain't no sunshine when she's gone
And this house just ain't no home any time she goes away

And I know... (percussion)
Hey I ought to leave the young thing alone
But ain't no sunshine when she's gone

Ain't no sunshine when she's gone
Only Darkness every day
Ain't no sunshine when she's gone
And this house just ain't no home any time she goes away
any time she goes away

any time she goes away...
