

Billie Eilish - 6.18.18

Tom: G

Our time is up ^{Dm}

Your eyes are shut ^C

I won't get to tell you what ^{Bb}

I needed you to know ^C

It's dark enough ^{Dm}

The moonlight doesn't show ^C

And all my love ^{Bb}

Could never bring you home ^C

There's no more stars to find ^{Bb}

And I'm too far behind ^{Dm}

And I'd love to let you go ^C

I'd love to let you go ^A

You're all that's on my mind ^{Bb}

I called a thousand times ^{Dm}

And I have to let you go ^C

But I love you more ^A

And more than you could know ^{Bb}

I sat alone ^{Dm}

Awaited your reply ^C

Was driven home ^{Bb}

When I started to cry ^C

I should've known ^{Dm}

I should've said goodbye ^C

I only hoped ^{Bb}

I would've had more time ^C

There's no more stars to find ^{Bb}

And I'm too far behind ^{Dm}

And I'd love to let you go ^C

I'd love to let you go ^A

You're all that's on my mind ^{Bb}

When I called a thousand times ^{Dm}

And I have to let you go ^C

But I love you more and more ^A

And more and more and more ^{Bb}

More and more, more and more ^{Dm}

And I'm too far behind

And I'd love to let you go

I'd love to let you go

You're all that's on my mind

When I called a thousand times

And I have to let you go

But I love you more

And more than you could know ^{Bb Dm C A}

We're both too young ^{Bb}

To live and die this way ^{Dm}

A sunny summer day ^C

With so much left to say ^A

Not 21 ^{Bb}

The 18th out of pain ^{Dm}

The day you couldn't stay ^C

You made me wanna pray ^A

But I think God's fake ^{Bb}

There's no more stars to find ^{Bb}

And I'm too far behind ^{Dm}

And I'd love to let you go ^C

I'd love to let you go ^A

You're all that's on my mind ^{Bb}

When I called a thousand times ^{Dm}

And I have to let you go ^C

But I love you more and more ^A

And more and more and more ^{Bb}

More and more, more and more ^{Dm}

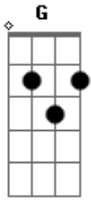

And more than you will ever know

You will never know

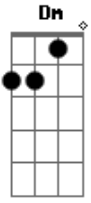

A

You will never know
