

Billie Eilish - 6.18.18

Tom: G

Our time is up ^{Dm}
 Your eyes are shut ^C
 I won't get to tell you what ^{Bb}
 I needed you to know ^C
 It's dark enough ^{Dm}
 The moonlight doesn't show ^C
 And all my love ^{Bb}
 Could never bring you home ^C
 There's no more stars to find ^{Bb}
 And I'm too far behind ^{Dm}
 And I'd love to let you go ^C
 I'd love to let you go ^A
 You're all that's on my mind ^{Bb}
 I called a thousand times ^{Dm}
 And I have to let you go ^C
 But I love you more ^A
 And more than you could know ^{Bb}
 I sat alone ^{Dm}
 Awaited your reply ^C
 Was driven home ^{Bb}
 When I started to cry ^C
 I should've known ^{Dm}
 I should've said goodbye ^C
 I only hoped ^{Bb}
 I would've had more time ^C
 There's no more stars to find ^{Bb}

And I'm too far behind ^{Dm}
 And I'd love to let you go ^C
 I'd love to let you go ^A
 You're all that's on my mind ^{Bb}
 When I called a thousand times ^{Dm}
 And I have to let you go ^C
 But I love you more ^A
 And more than you could know ^{Bb} ^{Dm} ^C ^A
 We're both too young ^{Bb}
 To live and die this way ^{Dm}
 A sunny summer day ^C
 With so much left to say ^A
 Not 21 ^{Bb}
 The 18th out of pain ^{Dm}
 The day you couldn't stay ^C
 You made me wanna pray ^A
 But I think God's fake ^{Bb}
 There's no more stars to find ^{Bb}
 And I'm too far behind ^{Dm}
 And I'd love to let you go ^C
 I'd love to let you go ^A
 You're all that's on my mind ^{Bb}
 When I called a thousand times ^{Dm}
 And I have to let you go ^C
 But I love you more and more ^A
 And more and more and more ^{Bb}
 More and more, more and more ^{Dm}

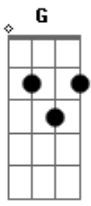

And more than you will ever know

You will never know

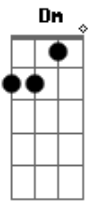

A

You will never know
