

# Billie Eilish - 6.18.18

Tom: G

Our time is up <sup>Dm</sup>

Your eyes are shut <sup>C</sup>

I won't get to tell you what <sup>Bb</sup>

I needed you to know <sup>C</sup>

It's dark enough <sup>Dm</sup>

The moonlight doesn't show <sup>C</sup>

And all my love <sup>Bb</sup>

Could never bring you home <sup>C</sup>

There's no more stars to find <sup>Bb</sup>

And I'm too far behind <sup>Dm</sup>

And I'd love to let you go <sup>C</sup>

I'd love to let you go <sup>A</sup>

You're all that's on my mind <sup>Bb</sup>

I called a thousand times <sup>Dm</sup>

And I have to let you go <sup>C</sup>

But I love you more <sup>A</sup>

And more than you could know <sup>Bb</sup>

I sat alone <sup>Dm</sup>

Awaited your reply <sup>C</sup>

Was driven home <sup>Bb</sup>

When I started to cry <sup>C</sup>

I should've known <sup>Dm</sup>

I should've said goodbye <sup>C</sup>

I only hoped <sup>Bb</sup>

I would've had more time <sup>C</sup>

There's no more stars to find <sup>Bb</sup>

And I'm too far behind <sup>Dm</sup>

And I'd love to let you go <sup>C</sup>

I'd love to let you go <sup>A</sup>

You're all that's on my mind <sup>Bb</sup>

When I called a thousand times <sup>Dm</sup>

And I have to let you go <sup>C</sup>

But I love you more and more <sup>A</sup>

And more and more and more <sup>Bb</sup>

More and more, more and more <sup>Dm</sup>

And I'm too far behind

And I'd love to let you go

I'd love to let you go

You're all that's on my mind

When I called a thousand times

And I have to let you go

But I love you more

And more than you could know <sup>Bb Dm C A</sup>

We're both too young <sup>Bb</sup>

To live and die this way <sup>Dm</sup>

A sunny summer day <sup>C</sup>

With so much left to say <sup>A</sup>

Not 21 <sup>Bb</sup>

The 18th out of pain <sup>Dm</sup>

The day you couldn't stay <sup>C</sup>

You made me wanna pray <sup>A</sup>

But I think God's fake <sup>Bb</sup>

There's no more stars to find <sup>Bb</sup>

And I'm too far behind <sup>Dm</sup>

And I'd love to let you go <sup>C</sup>

I'd love to let you go <sup>A</sup>

You're all that's on my mind <sup>Bb</sup>

When I called a thousand times <sup>Dm</sup>

And I have to let you go <sup>C</sup>

But I love you more and more <sup>A</sup>

And more and more and more <sup>Bb</sup>

More and more, more and more <sup>Dm</sup>

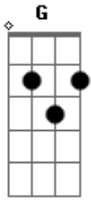

And more than you will ever know

You will never know

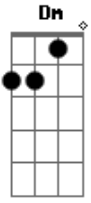

A

You will never know
