

# Billie Eilish - Fingers Crossed

Tom: A

m [Intro] Am G F E

( Am G F E )

In the end, when they're all gone

When the world is silent and the days are long

Just you and I, we'll be alive

We made it on our own

'Cause everybody makes it 'till they don't

And everybody wants to think they won't

'Cause everybody makes it 'till they don't

And everybody seems to think they won't

They won't, they won't, they won't

( Dm G )

Am G

Baby, I'm still alive but my heart is beating slow

Baby, tell me I gotta know

Are you okay? You seem too far gone

Infected, standing there all alone

'Cause everybody makes it 'till they don't

And everybody wants to think they won't

'Cause everybody makes it 'till they don't

And everybody seems to think they won't

They won't, they won't, they won't

( Dm G )

The best of me, the best of me is you

The best of me, the best of me was you

Whoa, whoa, whoa, whoa

Ladum, badum, mmmm

## Acordes
