

## **Billie Eilish - Oxytocin**

```
tom:
           [Primeira Parte]
Can't take it back once it's been
C B7 Em C B7
Set in motion
You know I love to rub it in like lotion
B7 Em C
If you only pray on Sunday
B7 Em C
 Could you come my way on Monday?
       Em
 'Cause I like to do things
   B7 Em
God doesn't approve of if she saw us
[Pré-Refrão]
     B7
                Em
She couldn't look away, look away, look away
    B7 Em
She'd wanna get involved, involved, involved
       B7
And what would people say
People say, people say
If they listen through the wall
The wall, the wall?
[Refrão]
 m
I can see it clear as day
C B7
  You don't really need to pray
 Wanna see what you can take
                       C B7
 You should really run away
 I wanna do bad things to you (To you)
                  C
 I wanna make you yell (Yell)
  I wanna do bad things to you (To you)
C B7
 Don't wanna treat you well (Well)
[Segunda Parte]
Can't take it back once it's been
C B7 Em C B7
Set in motion
                           C B7 Em C
Acordes
```

```
You know I need you for the Oxytocin
          Em
 If you find it hard to swallow
 I can loosin' up your collar
   Em
 'Cause as long as you're still breathing
       Em
 Don't you even think of leaving
[Pré-Refrão]
         B7
Not gonna wanna look away
Look away, look away
     B7
Kinda wanna get involved, involved, involved
And what would people say
People say, people say B7
If they listen through the wall
The wall, the wall?
[Refrão]
 n
I can see it clear as day
C B7
  You don't really need to pray
 Wanna see what you can take
  You should really run away
  Other people would have stayed
 Other people don't obey
 You and me are both the same
 You should really run away
( Em C B7 )
[Final]
Bad things
  I wanna do bad things to you (To you)
                  C
  I wanna make you yell (Yell)
 I wanna do bad things to you (To you)
  Don't wanna treat you well (Well)
