

Billie Eilish - True Blue

Tom: E

m [Intro] C Em D Am

C Em
Lights out
You're not here holding me
C Em
I count
D Am
Every tear down my cheek
C
Instead of sheep

Em D Am
Ooh, ooh, ooh
C Em
Sleep walk
D Am
Find myself on your street
C Em
Three knocks
D Am
Ring the bell then I leave

C Em D Am
I tried a little black and white but I'm so blue
C Em D Am
I'd like to mean it when I say I'm over you
C
But that's still not true
(Em D Am)

C Em
Cold days
Am D Am
Frozen lake in the park
C Em
Old ways
D Am
Make mistakes when I'm lost
Now we go

C Em D Am
Ooh, ooh, ooh

C Em
Bad dreams
D Am
Might not mean anything
C Em
But you seem
D Am
Not to need anything

C Em D Am
I tried a little black and white but I'm so blue
C Em D Am
I'd like to mean it when I say I'm over you
C
But that's still not true
(C Em)

Am
I'm still so blue
C Em
True blue, true blue, hey
D Am
True blue

C Em D Am
I tried a little black and white but I'm so blue
C Em D Am
I'd like to mean it when I say I'm over you
C Am
I tried a little black and white but I'm so blue
C Em D Am
I'd like to mean it when I say I'm over you
Am C
But that's still not true

And I'm still so blue
C Em
True blue, true blue, hey
