

# Billy Currington - That's Just Me

Tom: F

(com acordes na forma de D )  
 Capotraste na 3ª casa  
 Capo 3

**D**  
 I prefer the fiddle to the violin  
**Em**  
 And I tend to think that supermodels are too thin  
**G** **A**  
 And I think who you are is who you oughtta be  
**D**  
 But that's just me

The best of Andy Griffith was in black and white  
 Fishin' still beats workin' if you never get a bite  
 And coffee's kinda pointless without caffeine  
 But that's just me

Chorus:  
**Em** **D** **G** **A** **D**  
 And I believe in little that I hear and only half of what I

see  
**Em** **D** **G** **A**  
 And I believe that living by the book is harder than it used  
 to be  
**D**  
 And I'm convinced that lovin' you  
**Gbm** **G** **D**  
 Is gonna be the secret to my longevity but that's just me

I've never seen a place that I like more than home  
 When I go to the movies, I don't take a telephone  
 And I'll buy the gas, but oughtta get the air for free  
 But that's just me

I've never even been to mars, but I'm a man  
 And I accept the fact that women are just hard to understand  
 I think people take themselves too seriously  
 But that's just me

Repeat Chorus

Hey, that's just me  
 That's just me
