

Billy Ray Cyrus - When I'm Gone

tom:

A

[Primeira Parte]

Well it seems you thought it over

And you feel I'm not the one

And you think you might do better on your own

You say lover's vows only hold you down

So I guess I'm moving on

But what'll you think about me when I'm gone

(When I'm gone)

[Segunda Parte]

What'll you think about me

When I'm gone said and done

When old memories fall like footsteps

While you think it's me coming home

Well I thought your eyes could see compromise

But that's one thing you've never done

What'll you think about me when I'm gone

(When I'm gone)

[Terceira Parte]

Will some other's kiss taste sweeter

Or will my pictures haunt your room

Will it make your nights pass easier

Or will you think you were a fool

When my pillow's bare and you're lying there

Will a heartache linger on

What'll you think about me when I'm gone

(When I'm gone)

[Final]

What'll you think about me when I'm gone

(When I'm gone)
