

Birdy - Deepest Lonely

tom:
Capostrate na 3ª casa
Gm (forma dos acordes no tom de Em)

Echoes through my heart
Echoes through my heart (oh)
Echoes through my heart
Echoes through my heart

Oh, my deepest lonely
Why don't we waste another day
Staring out my window
In the morning rain?
Oh, my deepest lonely
They never listen anyway
In the witching hour
While the city sleeps, we're wide awake

Oh, my deepest lonely
Hmm, hmm
Oh, oh, my deepest lonely
It's me and you again

When it's dark clouds over head
When it's dark clouds over head
It's me and you again

Only you can hold me
When I'm sleeping away
Dancing in the shadows
Of our sweet escape

Only you can solve me
Misunderstood in my ways (oh)

Underneath you know I keep a fire blaze
Oh, my deepest lonely
Hmm, hmm
Oh, oh, my deepest lonely
It's me and you again

When it's dark clouds over head
When it's dark clouds over head
It's me and you again
Echoes through my heart
Echoes through my heart (oh)
Echoes through my heart
Echoes through my heart (oh)
Echoes through my heart
Echoes through my heart (oh)
Echoes through my heart
Echoes through my heart (oh)
Echoes through my heart
Echoes through my heart (oh)

When it's dark clouds over head
When it's dark clouds over head
It's me and you again

Oh, my deepest lonely
Why don't we waste another day
Staring out my window
In the morning rain?
