(com acordes na forma de G)

Capostrate na 1ª casa

Em
I'm a dreamer

But it's hard to sleep when your head's not in it

Em
I've been restless

Cause you disappeared and that's all that's missing

Am
The Earth is loose under my shoes

Em
There's an angel

And he's shaped like you, and I thought I knew him

Em
There's a window

And it's dark inside, but the light was in it

Am
This can't be love if it hurts so much

Am
I need to let go

C G D D Em D
I will survive and be the one who's stronger

C G D Em D
I will not beg you to stay

C G D D Em D
I will move on and you should know I mean it

C G D
Wild horses run in me

Em
I remember

How we danced so close, I would stand on your feet

Em
And the phone calls

G
That would last all night, they were lifeboats to me

Am C
Our fading scars, just shooting stars

Am C
They're here, then go

C G D D Em D
I will survive and be the one who's stronger

C G D Em D
I will not beg you to stay

C G D D Em D
I will move on and you should know I mean it

C G D
Wild horses run in me

Am G D Em
Our human hearts, forget how strong they are

C G D
And they get lost along the way, hey

Am G D Em
It's not giving up, it's letting go

C G D
And moving to a better place

C G D D Em D
I will survive and be the one who's stronger

C G D Em D
I will not beg you to stay

C G D D Em D
I will move on and you should know I mean it

C G D
Wild horses run in me

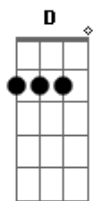

C G D D Em D
I will survive and be the one who's stronger

C G D Em D
I will not beg you to stay

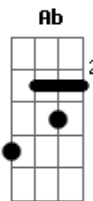

C G D D Em D
I will move on and you should know I mean it

C G D
Wild horses run in me
