

# Björk - Who Is It

Tom: Eb

His embrace: a fortress  
it fuels me and places  
a skeleton of trust right beneath us  
bone by bone, stone by stone

If you ask yourself patiently  
and carefully: who is it? who is it?

Who is it - that never lets you down?  
Who is it - that gave you back your crown?  
and the ornaments are, they're going around  
now they're handing it over, they're handing it over, handing it over

Who is it - that never lets you down?  
Who is it - that gave you back your crown?  
and the ornaments are, they're going around  
now... they're handing it over  
handing it over

He demands a closeness  
we all have earned a lightness  
carry my joy on the left  
carry my pain on the right  
If you ask yourself now patiently  
and carefully: who is it?  
Who is it - that never lets you down?  
Who is it - that gave you back your crown?  
and the ornaments are, they're going around  
now I'm handing it over, handing it over, handing...

Who is it - that never lets you down?  
Who is it - that gave you back your crown?  
and the ornaments are, I'm going around  
now... handing it over
